Leah was first thrust under the reality television microscope when her teen pregnancy was documented on MTV's groundbreaking series, *16 and Pregnant*. Since then, fans of *Teen Mom 2* have watched her life play out on the small screen—from her struggle to rise to the challenges of motherhood, through her harrowing journey to find a diagnosis for one of her twin girls with a rare form of muscular dystrophy, and the collapse of two marriages. She has learned to live under the harsh glare of media scrutiny, yet there is a truth behind the reality that the cameras have never revealed. In her unflinching and honest memoir, Leah takes readers behind the scenes and shares an intimate, often heartbreaking, portrait of her turbulent childhood in rural West Virginia, the rock bottom that forced her to reevaluate her life, and her triumphant break from toxic relationships and self-destructive cycles to live her life with hope, grace, and faith.

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
