Papers in Economics and Sociology is a compilation of materials authored by the Polish economist Oskar Lange. The coverage of the essays covers the interrelations between economic and social issues. The text first covers the Marxist and socialist theory, and then proceeds to tackling political economy and socialism. Next, the selection deals with economic theory, along with the mathematical models,

econometrics, and statistics utilized in economic analysis. The text also covers the economic science in the service of practice. The book will be of great use to political scientists, sociologists, behavioral scientists, and economists.

Originally published in 1973 Knowledge, Education and Cultural Change surveys the present state of the field of the sociology of education. The book addresses the claim that much of the research in the sociology of education should be extended to issues of wider theoretical significance, the book provides theoretically informed analysis of situations or processes, developing new theoretical perspectives and concepts. The papers also reflect the appropriate theoretical framework for the sociology of education. Underpinning this framework, it looks at the importance of social stratification, arguing that too much work in the sociology of education is carried out using oversimplified models.

Presents sociological research regarding memory in various forms; that is, memory conceptualized and utilized by institutions as small as the family or as large as institutionalized electronic 'commodity' memory computer banks or the banked biological DNA 'memory' of entire populations.
