The Thomas Jefferson High School for Science and Technology (TJHSST) Admissions Test consists of three tests: Quant-Q Math test, Aspire Reading test, and Aspire Science test. The Quant-Q Math test measures pattern recognition, probability, combinatorics, out-of-the box algebra, geometry, and optimization.This book is designed to help you master the Quant-Q Math test. The book contains 13 topic-specific summaries and 10 problems relevant to each section, and a summary of advanced topics for Quant-Q Math Test. Along with the topic-specific lessons, there are 10 full-length practice tests with detailed solutions and explanations. It is recommended that you take Test 1 as a diagnostic test to understand your current level of expertise and in which area you need improvement. Afterwards, review the key lessons and essential theorems of the Quant-Q Math test. After completing the lessons, use the nine remaining practice tests to help improve your score and exhibit real test-taking conditions. There is no greater substitute than to study and practice.

"Poor test preparation and lack of test-wisness results in test scores that do not accurately reflect the students' knowledge and aptitude." (Scruggs and Mastropieri, 2000)The IAAT is a timed test consisting of 60 items divided evenly into four subtests. The time limit of each subtest is 10 minutes. The four subtests are: Pre-Algebraic Number Skills and Concepts. This subtest measures student's computational skills, understanding of mathematical concepts, and the ability to solve mathematics problems.Using Symbols. This section measures how well students understand some of the important symbols of algebra.Representing Relationships. For each of the exercises in this part of the test, the student must find the rule that represents the given numerical relationship. Some of the items present the relationship in table form while others present the relationship in verbal form.Interpreting Mathematical Information. The items on this part are based upon information presented in graphs or upon definitions of mathematical terms or operations. The items assess how well a student can learn new material presented in graphs or text.For diagnostic tests, private tutoring and IAAT Prep Comprehensive classes, please visit our site: https://youngscholarcircle.com/product/iaat-comprehensive-prep/ Disclaimer: IAAT (c) is a registered trademark of Houghton Mifflin Court that is not affiliated with Young Scholars Circle or this book.
