America's "Millionaires' Club" now has 10.4 million members – the most ever, according to the latest statistics. And it's a club you can join – much sooner than you might think, says D.R. Barton, Jr., a top trader, television analyst and former hedge fund officer. In his new book, the *10-Minute Millionaire*, D.R. has distilled his decades of experience trading the markets into a system so simple that even a new investor can set it up and maintain it in increments of as little as 10 minutes. The 10-Minute Millionaire combines goal-setting, stock-screening and trading strategies whose ultimate objective is to give you membership in that Millionaires' Club. The system is so simple D.R. has taught it to sixth graders, yet so powerful it can transform even a small starting stake into lifelong financial freedom – in a way that utterly destroys "buy-and-hold" investing. Loaded with step-by-step illustrations and personal stories, the 10-Minute Millionaire takes the powerful secrets of Wall Street insiders and breaks them down into an easy-to-understand blueprint for beating the markets, day after day, week after week. Using an easy three-step process, D.R. walks you through a repeatable and reliable way to identify the stock-market extremes that show up virtually every day. He trains you to properly frame each trade to maximize profit and minimize risk. Finally, he neutralizes the natural biases that lead most traders to financial destruction – and shows you how to book big profits from other trader's irrational miscues. This isn't an algorithmic "black box." It's not "robo-trading." The 10-Minute Millionaire system still requires personal involvement. It still requires commitment. But it squeezes out emotion, filters out the noise, slashes the risk, and maximizes your potential for profits – and also for meaningful wealth. Once you learn the 10-Minute Millionaire way, it's a system you can operate and update in tiny 10-minute increments. Before you know it, you'll be trading better than a seasoned pro. And you'll watch as your "assets" turn into true wealth. And you'll learn the most-valuable lesson of all: Becoming a millionaire doesn't have to be an unattainable dream. Make it a goal, and pursue that goal, and before long that dream will be real.

Life is a journey and road is the destination, our value system is our Atlas guide to life's challenges, and we make our decisions by referring to its maps; our values. Unfortunately a map book drawn by an inexperienced teen-ager is not a reliable guide to steer us through the twists and turns of life, nor is it good for a safe highway driving. We learn our values from our parents and the surroundings. Most of the parents are/were not versed with the science or art of success, so they passed on the values they knew best; especially if they were poor they may have passed a very limited vision of life to you. In their opinion, making a living and raising a family were the ultimate challenge, and they may have lovingly and innocently passed them on to you, there by robbing you of your true potential. True potential of any life is no less than Mother Teresa, Gandhi, Donald Trump, Martha Stewart or any other household name. The only difference is Desire, and a proven value system. To succeed in life one needs desire, but most of us don't know where the desires come from or how to create them; for that one needs to understand how our mind functions. No doubt Desire, is the starting point of all major success, desire alone is not enough. We also need Faith, a clear unshakable understanding of how Nature or God grants desire that look totally out of our reach. And last but not the least what role, if any does money play in our success, how do they get rich and what can you do to ensure your riches. What good is all the success, if we can't even be happy, even though success and possessions have very little to do with happiness if at all. To explain all these issues that involves psychology, metaphysics, spirituality, religion and economics in a book that can be read in two to four hours without putting the reader to a sleep was/is a challenge. This book is specially written for young adults who don't have time or interest in reading such topics. Five Minute Millionaire draws on solid facts to inspire the reader; it is written in interesting provocative style, in short articles ranging from one line on a page to a maximum of three pages printed in a large font, yet it inspires every reader. The book comes with optional Instant Motivation, software that lets you see your progress on a daily basis. They say nothing succeeds like success, when you see your money grow, your health improve and your happiness increase, it reinforces your belief in your thinking, your system and your actions; that is the secret to ultimate success in life, realization of one's full potential.
