Envisioning the first book of the Bible like no one before him, R. Crumb, the legendary illustrator, retells the story of Genesis in a profoundly honest and deeply moving way. Originally thinking that he would do a takeoff of Adam and Eve, Crumb became so fascinated by the Bible's language, "a text so great and so strange that it lends itself readily to graphic depictions," that he decided instead to do a literal interpretation using the text word for word, assembled primarily from the translations of Robert Alter and the King James Version. Now, readers of every persuasion-Crumb fans, comic book lovers, and believers-can gain astonishing new insights from these harrowing, tragic, and even juicy stories. Crumb's Book of Genesis reintroduces us to the bountiful tree-lined garden of Adam and Eve, the massive ark of Noah with beasts of every kind, the cities of Sodom and Gomorrah destroyed by brimstone and fire that rained from the heavens, and the Egypt of the Pharaoh, where Joseph's embalmed body is carried in a coffin, in a scene as elegiac as any in Genesis. Using clues from the text and peeling away the theological and scholarly interpretations that have often obscured the Bible's most dramatic stories, Crumb fleshes out a parade of biblical originals: from the

serpent in Eden, the humanoid reptile appearing like an alien out of a science fiction movie, to Jacob, a "kind of depressed guy who doesn't strike you as physically courageous," and his bother, Esau, "a rough and kick-ass guy," to Abraham's wife, Sarah, more fetching than most woman at ninety, to God himself, "a standard Charlton Heston-like figure with long white hair and a flowing beard." As Crumb writes in his introduction, "the stories of this people, the Hebrews, were then something more than just stories, they were the foundation, the source, in writing, of religious and political power, handed down by God Himself." Crumb's Book of Genesis, the culmination of five years of painstaking work, is a tapestry of masterly detail and storytelling that celebrates the astonishing diversity of the one of our greatest artistic geniuses.

A signed and numbered limited edition, slipcased and with a signed print: from the Creation to the death of Joseph, here is the Book of Genesis, revealingly illustrated as never before.

Four years in the making, a graphic translation of the first book of the Bible uses actual word-for-word text as a basis for its dramatic presentations and includes intricately detailed depictions of the stories of Adam and Eve, Noah's ark, and more.

The idiosyncratic master Chester Brown continues his thoughts on sex work The iconoclastic and bestselling cartoonist of Paying for It: A comic-strip memoir about being a john returns with a polemical interpretation of the Bible that will be one of the most controversial and talked-about graphic novels of 2016. Mary Wept over

the Feet of Jesus is the retelling in comics form of nine biblical stories that present Chester Brown ' s fascinating and startling thesis about biblical representations of prostitution. Brown weaves a connecting line between Bathsheba, Ruth, Rahab, Tamar, Mary of Bethany, and the Virgin Mother and reassesses the Christian moral code by examining the cultural implications of the Bible ' s representations of sex work. Mary Wept over the Feet of Jesus is a fitting follow-up to Brown ' s sui generis graphic memoir Paying for It, which was reviewed twice in the New York Times and hailed by sex workers for Brown ' s advocacy for the decriminalization and normalization of prostitution. Brown approaches the Bible as he did the life of Louis Riel, making these stories compellingly readable and utterly pertinent to a modern audience. In classic Chester Brown fashion, he provides extensive handwritten endnotes that delve into the biblical lore that informs Mary Wept Over the Feet of Jesus.

This new edition of a bestselling evangelical survey of the Old Testament (over 180,000 copies sold) has been thoroughly updated and features a beautiful new interior design. It is lavishly illustrated with four-color images, maps, and charts and retains the pedagogical features that have made the book so popular:

- chapter outlines, objectives, and summaries
- study questions
- sidebars featuring primary source material, ethical and theological issues, and contemporary applications
- lists of key terms, people, and places
- further reading recommendations
- endnotes and indexes

The book is supplemented by web-based resources through Baker Academic's Textbook eSources, offering course help for professors and study aids for students.

Actual text from the International Childrens Bible] along with full-color illustrations bring the entire Book of Genesis to vivid life, in this unique volume that encourages reading and learning in young readers.

Containing some of the best-known stories of the Old Testament, the Book of Genesis has provided a rich source of inspiration to artists throughout the centuries. from Old Master paintings and frescos to stained glass and illuminations. Paintings include works by Raphael, Rubens, Caravaggio, Bruegel, Delacroix, Rembrandt, Tiepolo, and Tintoretto. Genesis includes a wealth of favorite biblical stories: the account of the creation, of Adam and Eve, and their expulsion from Eden; the story of Cain slaying Abel, and of Noah's ark and the great flood; the fate of the Tower of Babel, and the stories of Abraham, Sarah, and their son Isaac; the account of the destruction of Sodom, and how Lot's wife became a pillar of salt; the original Jacob's Ladder, and the much-loved tale of Joseph and his "coat of many colors."

Fourteen theological scholars address key topics related to the age of the earth, which is the crucial issue of debate in the church today regarding origins. Bringing to bear rigorous biblical, theological, and historical arguments in favor of a six-day creation, the global Flood, and a young earth, they also provide much-needed critiques of a number of contemporary old-earth interpretations of the book of Genesis. This fresh defense of the literal history of Genesis 1-11 nicely complements other studies which focus more on the scientific evidence of young-earth creationism. As

such, this book can serve as a versatile supplement to other works, but is also designed to be used as a standalone text for seminary and Bible college professors and students, pastors, missionaries, and others who want in-depth apologetic resources. Coming to Grips with Genesis: Biblical Authority and the Age of the Earth includes: Forewords by Dr. John MacArthur, President of the Master's Seminary and Senior Pastor of Grace Community Church, Sun Valley, CA; and the late Dr. Henry Morris, Founder and President Emeritus, Institute for Creation Research Detailed analysis of the verbs of Genesis 1 A defense of the Genesis 5 & 11 genealogies as strict chronologies Reasons for rejecting millions of years of death and natural evil before Adam's sin Careful reflection on Jesus' teachings regarding a young earth

Reproduction of the original: The Book of Genesis by Marcus Dods

The celebrated artist Marc Chagall began illustrating the Bible in 1931, and it became his lifelong passion. This extraordinary volume includes more than 130 pages of his finest works, paired with three books from the Old Testament. Chagall's illustrations reflect his Jewish heritage and his view of the complex relationship between God and man, presaging many of the subjects and themes in his later work. Originally published in France, the extensively illustrated, chunky, hand-sized book is a delightful combination of the popular artist's evocative style alongside the most familiar stories from the Bible.
