The Nemesis Charm, The second book in Daniel Ingram-Brown's Firebird Chronicles, jumps straight into the action a little while after the first book ended. We see our apprentice adventurers and brother-and-sister duo Fletcher and Scoop battle pirates and their old enemy Grizelda.

In this fantasy adventure, Fletcher and Scoop are Apprentice Adventurers from the ancient establishment of Blotting's Academy on Fullstop Island. This is the place where all story characters are trained. The trouble is, they can't remember how they got there. It's the first day of term, but the two apprentices soon realise something is wrong. Things are going missing, including their own memories, and Scoop has the unsettling feeling that something is creeping in the shadows. As the children search for answers, they become entangled with the life of the Storyteller, the islands creator and king. They journey to his wedding banquet and find themselves uncovering a hidden past. What is their connection to this mysterious man? And is there more to him than meets the eye?

The future can be rewritten. On the eve of her twelfth birthday, Beatrice Crosse runs away from her adoptive home only to encounter the ghost of England's most famous prophethess. The witch offers her treasure, but can she be trusted? Bea must wrestle her past to discover the witch's secret and find her way home.

DESCRIPTION: Read the story that turned children into warriors, and warriors into legends. The Dairne-Reih haven't been seen in Dionia for generations-their kind and their king, Morgui, banished long ago from haunting paradise. But when creation shows signs of deterioration, the kings of the seven realms converge in the sacred Gvindollion gathering to arrive at one inexplicable conclusion: Morgui has returned. In the hopes of entrusting Dionia's brave history and perilous future to a generation that has never known war, the kings decide to raise up their young sons as an elite group of warriors, known only as the Dibor. Gorn, legendary hero of the First Battle, is commissioned to teach the Dibor the art of war, leading them on a four-year adventure on the Isle of Kirstell. It is Luik, son of Lair, who soon emerges as the warband's spirited front man. But he is not the only one of his peers to grow in power; his dear friend Fane discovers hidden abilities among the Mosfar under the mentorship of Li-Saide of Ot, while Princess Anorra finds that her lifelong tutor knows as much about combat as he does about etiquette. There is little time for the Dibor to enjoy the satisfaction of graduation, however, as a sinister plot is discovered to dethrone Dionia's kings and flatten the capital city of Adriel. The Dibor are

summoned to war, along with the rest of Dionia's fighting men. It is before the gates of Adriel Palace that Luik and his army face Morgui's prince, Valdenil, as well as the unending ranks of the Dairne-Reih.
