CERVANTES'S EIGHT INTERLUDES

Presents new translations of forty fairy tale classics in a volume that includes previously omitted tales and is complemented by hundreds of annotations that explore the historical origins, cultural complexities, and psychological effects of the stories.

'The Odyssey is a poem of extraordinary pleasures: it is a salt-caked, storm-tossed, wine-dark treasury of tales, of many twists and turns, like life itself' Guardian The epic tale of Odysseus and his ten-year journey home after the Trojan War forms one of the earliest and greatest works of Western literature. Confronted by natural and supernatural threats - ship-wrecks, battles, monsters and the implacable enmity of the sea-god Poseidon - Odysseus must use his bravery and cunning to reach his homeland and overcome the obstacles that, even there, await him. E. V. Rieu's translation of The Odyssey was the very first Penguin Classic to be published, and has itself achieved classic status. Translated by E. V. RIEU Revised translation

SHORTLISTED FOR THE 2018 MAN BOOKER PRIZE An eerie, watery reimagining of the Oedipus myth set on the canals of Oxford, from the author of *Fen* The dictionary doesn't contain every word. Gretel, a lexicographer by trade, knows this better than most. She grew up on a houseboat with her mother, wandering the canals of Oxford and speaking a private language of their own invention. Her mother disappeared when Gretel was a teen, abandoning her to foster care, and Gretel has tried to move on, spending her days updating dictionary entries. One phone call from her mother is all it takes for the past to come rushing back. To find her, Gretel will have to recover buried memories of her final, fateful winter on the canals. A runaway boy had found community and shelter with them, and all three were haunted by their past and stalked by an ominous creature lurking in the canal: the bonak. Everything and nothing at once, the bonak was Gretel's name for the thing she feared most. And now that she's searching for her mother, she'll have to face it. In this electrifying reinterpretation of a classical myth, Daisy Johnson explores questions of fate and free will, gender fluidity, and fractured family relationships. *Everything Under*—a debut novel whose surreal, watery landscape will resonate with fans of *Fen*—is a daring,

This psychological sci-fi thriller from a debut author follows one doctor who must discover the source of her crew's madness... or risk succumbing to it herself. Misanthropic psychologist Dr. Grace Park is placed on the Deucalion, a survey ship headed to an icy planet in an unexplored galaxy. Her purpose is to observe the thirteen human crew members aboard the ship—all specialists in their own fields—as they assess the colonization potential of the planet, Eos. But frictions develop as Park befriends the androids of the ship, preferring their company over the baffling complexity of humans, while the rest of the crew treats them with suspicion and even outright hostility. Shortly after landing, the crew finds themselves trapped on the ship by a radiation storm, with no means of communication or escape until it passes—and that's when things begin to fall apart. Park's patients are falling prey to waking nightmares of helpless, tongueless insanity. The androids are behaving strangely. There are no windows aboard the ship. Paranoia is closing in, and soon Park is forced to confront the fact that nothing—neither her crew, nor their mission, nor the mysterious Eos itself—is as it seems.

Performing Without a Stage is a lively and comprehensive introduction to the art of literary translation for readers of foreign fiction and poetry who wonder what it takes to translate, how the art of literary translation has changed over the centuries, what problems translators face in bringing foreign works into English and how they go about solving these problems. This book will also be of interest to translators, writers, editors, critics, and literature students, dealing as it does, often controversially, with such matters as the translator's fidelity to the author, the publishing and reviewing of translations, the nearly nonexistent public image of the stageless translator, and the value for writers and scholars of studying and practicing translation.

Why do people work hard, and take pride in what they do? This book, a philosophically-minded enquiry into practical activity of many different kinds past and present, is about what happens when people try to do a good job. It asks us to think about the true meaning of skill in the 'skills society' and argues that pure competition is a

poor way to achieve quality work. Sennett suggests, instead, that there is a craftsman in every human being, which can sometimes be enormously motivating and inspiring - and can also in other circumstances make individuals obsessive and frustrated. The Craftsman shows how history has drawn fault-lines between craftsman and artist, maker and user, technique and expression, practice and theory, and that individuals' pride in their work, as well as modern society in general, suffers from these historical divisions. But the past lives of crafts and craftsmen show us ways of working (using tools, acquiring skills, thinking about materials) which provide rewarding alternative ways for people to utilise their talents. We need to recognise this if motivations are to be understood and lives made as fulfilling as possible.

Every night for three years the vengeful King Shahriyar sleeps with a different virgin, executing her next morning. To end this brutal pattern and to save her own life, the vizier's daughter, Shahrazad, begins to tell the king tales of adventure, love, riches and wonder - tales of mystical lands peopled with princes and hunchbacks, the Angel of Death and magical spirits, tales of the voyages of Sindbad, of Ali Baba's outwitting a band of forty thieves and of jinnis trapped in rings and in lamps.
