If I had been Geoff Dyer (please pardon the presumptuousness), "An Infinity of Waste" would have been the title of this book. Instead, the title, THE MISSING OF THE SOMME, is taken from the letters high on the Thiepval Memorial, on which are recorded the names of 73,077 men who lost their lives in the Battle of the Somme but whose remains were never identified.

The Missing of the Somme, by Geoff Dyer
Geoff Dyer tells a similar story in The Missing of the Somme, a wonderfully thought-provoking meditation on the nature of remembrance and the Great War. His family history has it that his grandfather was an underage volunteer who turned up at the recruiting office only to be told by the recruiting sergeant to go away and come back in a couple of days when he would be two years older.

2,499: The Missing of the Somme by Geoff Dyer
When Geoff Dyer wrote the The Missing of the Somme in the early '90s, he had published two novels, The Colour of Memory (1989) and The Search (1993), an acclaimed but highly unusual book about jazz, But Beautiful (1991), and a critical study of John Berger. Of those titles, the Berger book now stands out as being the least Dyer-ish (the author himself dismisses it as boring and academic).

In this spellbinding book, the man described by the Daily Telegraph as 'possibly the best living writer in Britain' takes on his biggest challenge yet: unlocking the film that has obsessed him all his adult life. Like the film Stalker itself, it confronts the most mysterious and enduring questions of life and how to live.

Mordantly funny, thought-provoking travel essays, from the acclaimed author of Out of Sheer Rage and 'one of our most original writers' (New York Magazine). This isn't a self-help book; it's a book about how Geoff Dyer could do with a little help. In these genre-defying tales, he travels from Amsterdam to Cambodia, Rome to Indonesia, Libya to Burning Man in the Black Rock Desert, floundering in a sea of grievances, with fleeting moments of transcendental calm his only reward for living in a perpetual state of motion. But even as he recounts his side-splitting misadventures in each of these locales, Dyer is always able to sneak up and surprise you with insight into much more serious matters. Brilliantly riffing off our expectations of external and internal journeys, Dyer welcomes the reader as a companion, a fellow perambulator in search of something and nothing at the same time.

From 'one of our most original writers' (Kathryn Schulz, New York magazine) comes an expansive and exacting book firmly grounded but elegant, often hilarious, and always inquisitive about travel, unexpected awareness, and the questions we ask when we step outside ourselves. Geoff Dyer's restless search for what? is unclear, even to him/continues in this series of fascinating adventures and pilgrimages: with a tour guide who may not be a tour guide in the Forbidden City in Beijing; with friends in New Mexico, where D. H. Lawrence famously claimed to have had his [greatest experience from the outside world]; with a hitchhiker picked up on the way from White Sands; with Don Cherry (or a photo of him, at any rate) at the Watts Towers in Los Angeles. Weaving stories about places to which he has recently traveled with images and memories that have persisted since childhood, Dyer tries to work out what a certain place/a certain way of marking the landscape means; what it's trying to tell us; what we go to it for. With 4 pages of full-color illustrations.

Great photographs change the way we see the world; The Ongoing Moment changes the way we look at both. Focusing on the ways in which canonical figures like Alfred Stieglitz, Paul Strand, Walker Evans, André Kertész, Edward Weston, Dorothea Lange, Diane Arbus, and William Eggleston have photographed the same things/barber shops, benches, hands, roads, signs/award-winning writer Geoff Dyer seeks to identify their signature styles. In doing so, he constructs a narrative in which these photographers/many of whom never met/constantly encounter one another. The result is a kaleidoscopic work of extraordinary originality and insight.

FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD "In the spirit of Julian Barnes's Flaubert's Parrot and Alain de Botton's How Proust Can Change Your Life, Mr. Dyer's Out of Sheer Rage keeps circling its subject in widening loops and then darting at it when you least expect it . . . a wild book."—Christopher Lehmann-Haupt, The New York Times Geoff Dyer was a talented young writer, full of energy and reverence for the craft, and determined to write a study of D. H. Lawrence. But he was also thinking about a novel, and about leaving Paris, and maybe moving in with his girlfriend in Rome, or perhaps traveling around for a while. Out of Sheer Rage is Dyer's account of his struggle to write the Lawrence book—a portrait of a man tormented, exhilarated, and exhausted. Dyer travels all over the world, grappling not only with his fascinating subject but with all the glorious distractions and needling anxieties that define the life of a writer.

Ah Venice! The canals, palazzos, gondoliers, vaporetta... the bellinis, Jeff Atman, hack writer, is in town for the Biennale. Ostensibly to fulfil a freelance commission; actually to attend as many parties and soak up as much free booze as logistically possible. Then he meets Laura. Suddenly, amid the compulsive socialising and irony-clad banter, there is the possibility of something more. And then there is Varanasi. A freelance writer arrives to do a travel piece. Just a short visit- time to take in the impossible traffic, the dubious waters of the Ganges, the ordure-streaked ghats and multifarious gods; and to encounter destiny. A tale of two very different cities that appear surprisingly similar. Two separate stories that may, in fact, be one. Ingenious and vastly entertaining, Jeff in Venice, Death in Varanasi is a novel about love, death-and the various processes of transformation.
