In the tenth murderous case for Richard Jury, the New Scotland Yard superintendent witnesses a killing in a West Yorkshire inn called the Old Silent, while his highborn, amateur colleague, Melrose Plant wishes to he could perform one as he drives his impossible Aunt Agatha to the Old Swan in Harrogate. Caught up in a triple murder, Jury would go to any lengths to help Nell Healey, the lovely widow of one of the victims. But Nell Healey remains silent as the Yorkshire moors, quiet as the grave, while the scope of the mystery widens.

help her, including taking sick leave from Scotland Yard to investigate. Calling on his old friend Melrose Plant for help, he must break through Nell's reticence to untangle a web of twisted motives, and twisted lives.

In *The Blue Last*, Richard Jury finally faces the last thing in the world he wants to deal with—the war that killed his mother, his father, his childhood. Mickey Haggerty, a DCI with the London City police, has asked for Jury's help. Two skeletons have been unearthed in the City during the excavation of London's last bombsite, where once a pub stood called the *The Blue Last*. Mickey believes that a child who survived the bombing has been posing for over fifty years as a child who didn't. The grandchild of brewery magnet Oliver Tyndale supposedly survived that December 1940 bombing . . . but did she?

Mickey also has a murder to solve. Simon Croft, prosperous City financial broker, and son of the one-time owner of The Blue Last is found shot to death in his Thames-side house. But the book he was writing about London during the German blitzkrieg has disappeared. Jury wants to get eyes and ears into Tynedale Lodge, and looks to his friend, Melrose Plant, to play the role. Reluctantly, Plant plays it, accompanied on his rounds of the Lodge gardens by nine-year-old Gemma Trim, orphan and ward of Oliver Tynedale; and Benny Keagan, a resourceful twelve-year-old orphaned delivery boy. And Richard Jury may not make it out alive. A stolen book, stolen lives, or is any of this what it seems? Identity, memory, provenance - these are all called into question in The Blue Last

When a dismembered corpse is found in

the compartments of an antique writing bureau, Marshall Trueblood, recipient of the precious piece of furniture, is the first to protest: “ I bought the desk, not the body, send it back. ” Who would want to kill Simon Lean, the greedy nephew of the wealthy Lady Summerston? Leave it to Superintendent Richard Jury of Scotland Yard to suggest a connection to the murder of brassy Limehouse lady named Sadie Driver, found dead near Wapping Old Stairs...if that stone-cold body on the slipway is really Sadie. Not even her brother, Tommy, on a visit from Gravesend, can swear to it.

In a rainy ditch in a Devon wood, a hitchhiker is found dead. Almost a year later, on another rainy night, another murder; this time, however, the victim is found just outside a pub called I Am the Only Running Footman, near Berkeley

Square in London 's fashionable Mayfair District. Devon policeman Brian Macalvie is convinced that the two murders are connected. And thus, in his eighth case, Richard Jury is drawn into the so-called Porphyria killings. A particularly elusive pair of murders. From the streets of London to the village of Somers Abbas, Jury and Macalvie are joined by the stolid if hypochondriac Sergeant Wiggins and the reluctant Melrose Plant. They meet in another pub, the Mortal Man, and, amidst the clatter and cry of the Warboys family, they ponder a labyrinthine set of clues.

The inimitable Richard Jury returns in the latest in the bestselling mystery series:

Richard Jury is meeting Tom Williamson at Vertigo 42, a bar on the forty-second floor of an office building in London's financial district. Despite inconclusive evidence, Tom is convinced his wife, Tess, was murdered seventeen years ago. The inspector in charge of the case was sure Tess's death was accidental—a direct result of vertigo—but the official police inquiry is still an open verdict and Jury agrees to re-examine the case. Jury learns that a nine-year-old girl fell to her death five years before Tess at the same place in Devon where Tess died, at a small house party. Jury seeks out the five surviving party guests, who are now adults, hoping they can shed light on this bizarre coincidence. Ultimately, four deaths—two in the past, two that occur on the pages of this intricate, compelling novel—keep Richard Jury and his sidekick Sergeant Wiggins running from their homes in

In the days following the mysterious slaying of the Parisian tourist, two other murders are called in to Macalvie and Jury's teams: first, a man is shot on a Northhamptonshire estate, then a holy duster turns up murdered at Exeter Cathedral in Devon. When Macalvie and Jury decide to consult Bronwell, the retired detective tells them that the three murders, though very different in execution, are connected. As the trio sets out to solve this puzzle, Jury and Macalvie hope that this doesn't turn out to be Bronwell's second ever miss. Written with Grimes's signature wit, sly plotting, and gloriously offbeat characters, *The Old Success* is prime fare from “one of the most fascinating mystery writers today”

Long Piddleton had always been wary of newcomers. But the quiet town was stunned when the first stranger was found dead, upended in a butt of ale in the cellar of the Men with a Load of Mischief. Its cozy pubs and inns with their polished pewter and blazing hearths had become scenes of the most bizarre crimes. Who were the victims? And who was the murderer? A stranger? A maniac? Or the disarmingly friendly man next door?

The sun, smoking behind a haze of cloud, threw off a light of burnished pewter. Mysteriously lit, it was as if the watery, colorless land refused drabness, stood determinedly against dimishment. This is a landscape that can easily deceive, a landscape that volunteers nothing, as if to say, You ' re on your own, mate—much like the habitués of the only pub for miles around called The Case Has Altered. The Lincolnshire fenlands are the right setting for Richard Jury ' s latest case, a mystifying double murder. The body of
