Award-winning novelist Martha Southgate (who, in the words of Julia Glass, "can write fat and hot, then lush and tender, then just plain truthful and burning with heart") now tells the story of a family pushed to its limits by addiction over the course of two generations. Josie Henderson loves the water and is fulfilled by her position as the only senior-level black scientist at the Woods Hole Oceanographic Institute. In building this impressive life for herself, she has tried to shed the one thing she cannot: her family back in landlocked Cleveland. Her adored brother, Tick, was her childhood ally as they watched their drinking father push away all the love that his wife and children were trying to give him. Now Tick himself has been coming apart and demands to be heard. Weaving four voices into a beautiful tapestry, Southgate charts the lives of the Hendersons from the parents' first charmed meeting to Josie's realization that the ways of the human heart are more complex than anything seen under a microscope.

Welcome to Martha's Place . . . Martha Hawkins was the tenth of twelve children born in Montgomery, Alabama. There was no money, but her childhood was full of love. Martha's mother could transform a few vegetables from the backyard into a feast and never turned away a hungry mouth. Memories of the warmth of her family's supper table would remain with Martha. Even as a poor single mother without a high school diploma, Martha dreamed of one day opening a restaurant that would make people feel at home. She'd serve food that would nourish body and soul. But time went by and that dream slipped further and further away as Martha battled the onset of what would later become a severe mental illness. But the thing about hitting bottom is that there's nowhere to go but up. Martha decided to step into God's promise for her life. Her boundless faith and joy led her to people who would change her world and lend a helping hand when she most needed and least expected one. Martha's Place is now a nationally known destination for anyone visiting the Deep South and a culinary fixture of life in Montgomery. Martha only hires folks who are down on their luck, just as she once was. High-profile politicians, professional athletes, artists, musicians, and actors visit regularly. Martha has proven many times that keeping the faith makes the difference between failure and success. This is the story of how Martha finally found her place. . . .

In this Pygmalion tale of a novelist turned bond trader, Martha McPhee brings to life the greed and riotous wealth of New York during the heady days of the second gilded age. India Palmer, living the cash-strapped existence of the writer, is visiting wealthy friends in Maine when a yellow biplane swoops down from the clear blue sky to bring a stranger into her life, one who will change everything.The stranger isWin Johns, a swaggering and intellectually bored trader of mortgage- backed securities. Charmed by India's intelligence, humor, and inquisitive nature--and aware of her near-desperate financial situation--Win poses a proposition: "Give me eighteen months and I'll make you a world-class bond trader." Shedding her artist's life with surprising ease, India embarks on a raucous ride to the top of the income chain, leveraging herself with crumbling real estate, never once looking back . . .Or does she? With a light-handed irony that is by turns as measured as Claire Messud's and as biting as Tom Wolfe's, Martha McPhee tells the classic American story of people reinventing themselves, unaware of the price they must pay for their transformation.
