Brenda Laurel's  
Computers as Theatre  
revolutionized the field  
of human-computer  
interaction, offering  
ideas that inspired  
generations of interface  
and interaction  
designers-and continue  
to inspire them. Laurel's  
insight was that effective  
interface design, like  
effective drama, must

# Get Free Theatre Design

engage the user directly in an experience involving both thought and emotion. Her practical conclusion was that a user's enjoyment must be a paramount design consideration, and this demands a deep awareness of dramatic theory and technique, both ancient and modern. Now, two decades later, Laurel has

# Get Free Theatre Design

Revised and revamped her influential work, reflecting back on enormous change and personal experience and forward toward emerging technologies and ideas that will transform human-computer interaction yet again. Beginning with a clear analysis of classical drama theory, Laurel explores new territory

# Get Free Theatre Design

through the lens of
