From the late 1940s to the mid-1970s, Richard Nixon was a polarizing figure in American politics, admired for his intelligence, savvy, and strategic skill, and reviled for his shady manner and cutthroat tactics. Conrad Black, whose epic biography of FDR was widely acclaimed as a masterpiece, now separates the good in Nixon—his foreign initiatives, some of his domestic policies, and his firm political hand—from the sinister, in a book likely to generate enormous attention and controversy. Black believes the hounding of Nixon from office was partly political retribution from a lifetime's worth of enemies and Nixon's misplaced loyalty to unworthy subordinates, and not clearly the consequence of crimes in which he participated. Conrad Black's own recent legal travails, though hardly comparable, have undoubtedly given him an unusual insight into the pressures faced by Nixon in his last two years as president and the first few years of his retirement.

The life story of vet Peter Wright, as he walked in the footsteps of the famous 'James Herriot', from work experience with him as a lad - to taking over his practice in the beautiful Yorkshire Dales. Packed full of laugh-out loud moments, heartbreaking stories and transporting tales of his love for working with the animals and people of this breath-taking part of the country.Covering his bucolic childhood growing up on a farm right through to the heady days of his successful Channel 5 TV series, Peter's warm nature and professional attitude shine through every page.

This book was written to help anyone who wants to learn how to service their car. The text is large, the pictures are in color and the procedures are demonstrated in YouTube videos. The book is intended to be a guide and although it is not a shop manual, it was designed to be comprehensive without getting to the technical level of wiring diagrams and engine rebuild procedures. It's for everyday people who want a well-rounded complete guide to show them how to take care of their car. This book will guide you in learning how to perform money saving services on your car. Written in large text, illustrated in full color, and supported by YouTube videos, it covers car safety, car systems, and car service Here are a few examples of recommended minimum safety practices \* let someone know whenever you plan to work under a vehicle \* wear Safety glasses, \* always using wheel chocks \* and always use jack stands whenever you raise a vehicleWe also explain how the primary systems in a car work, such as: \* the ignition system \* the cooling system and\* the fuel system There are step-by-step demonstrations that show you how to perform many service procedures, including: \* how to change your oil \* how to perform a tune-up \* how to do a brake job\* and many more
