unlock the secrets behind truly great barbecue and mind-blowing steak, sharing years' worth of hard-won knowledge. Franklin Barbecue: This bestselling book is the definitive resource for the backyard pitmaster, with chapters dedicated to building or customizing your own smoker; finding and curing the right wood; creating and tending perfect fires; sourcing top-quality meat; and, of course, cooking mind-blowing, ridiculously delicious barbecue. Franklin Steak: This indispensable guide is the be-all, end-all to cooking the perfect steak, buying top-notch beef, seasoning to perfection, and finding or building the ideal cooking vessel. For any meat lover, backyard grill master, or fan of Franklin's fun yet authoritative approach, this book is a must-have.

"Epic and engrossing." –The New York Times Book Review From the #1 New York Times bestselling author and pioneering journalist, an expansive look at how history has been shaped by humanity's appetite for food, farmland, and the money behind it all—and how a better future is within reach. The story of humankind is usually told as one of technological innovation and economic influence—of arrowheads and atomic bombs, settlers and stock markets. But behind it all, there is an even more fundamental driver: Food. In *Animal, Vegetable, Junk*, trusted food authority Mark Bittman offers a panoramic view of how the frenzy for food has driven human history to some of its most catastrophic moments, from slavery and colonialism to famine and genocide—and to our current moment, wherein Big Food exacerbates climate change, plunders our planet, and sickens its people. Even still, Bittman refuses to concede that the battle is lost, pointing to activists, workers, and governments around the world who are choosing well-being over corporate greed and gluttony, and fighting to free society from Big Food's grip. Sweeping, impassioned, and ultimately full of hope, *Animal, Vegetable, Junk* reveals not only how food has shaped our past, but also how we can transform it to reclaim our future.

NEW YORK TIMES BESTSELLER "[A] delectable double bio . . . Talk about Victoria's secret. . . . A fascinating portrait of a genuine love match, but one in which the partners dealt with surprisingly modern issues." –USA Today It was the most influential marriage of the nineteenth century—and one of history's most enduring love stories. Traditional biographies tell us that Queen Victoria inherited the throne as a naïve teenager, when the British Empire was at the height of its power, and seemed doomed to find failure as a monarch and misery as a woman until she married her German cousin Albert and accepted him as her lord and master. Now renowned chronicler Gillian Gill turns this familiar story on its head, revealing a strong, feisty queen and a brilliant, fragile prince working together to build a family based on support, trust, and fidelity, qualities neither had seen much of as children. The love affair that emerges is far more captivating, complex, and relevant than that depicted in any previous account. The epic relationship began poorly. The cousins first met as teenagers for a few

Read Free Two

brief, awkward, chaperoned weeks in 1836. At seventeen, charming rather than beautiful, Victoria already “showed signs of wanting her own way.” Albert, the boy who had been groomed for her since birth, was chubby, self-absorbed, and showed no interest in girls, let alone this princess. So when they met again in 1839 as queen and presumed prince-consort-to-be, neither had particularly high hopes. But the queen was delighted to discover a grown man, refined, accomplished, and whiskered. “Albert is beautiful!” Victoria wrote, and she proposed just three days later. As Gill reveals, Victoria and Albert entered their marriage longing for intimate companionship, yet each was determined to be the ruler. This dynamic would continue through the years—each spouse, headstrong and impassioned, eager to lead the marriage on his or her own terms. For two decades, Victoria and Albert engaged in a very public contest for dominance. Against all odds, the marriage succeeded, but it was always a work in progress. And in the end, it was Albert’s early death that set the Queen free to create the myth of her marriage as a peaceful idyll and her husband as Galahad, pure and perfect. As Gill shows, the marriage of Victoria and Albert was great not because it was perfect but because it was passionate and complicated. Wonderfully nuanced, surprising, often acerbic—and informed by revealing excerpts from the pair’s journals and letters—*We Two* is a revolutionary portrait of a queen and her prince, a fascinating modern perspective on a couple who have become a legend. **BONUS:** This edition contains a reader's guide.

With its corn by the acre, beef on the hoof, Quaker Oats, and Kraft Mac n' Cheese, the Midwest eats pretty well and feeds the nation on the side. But there's more to the midwestern kitchen and palate than the farm food and sizable portions the region is best known for beyond its borders. It is to these heartland specialties, from the heartwarming to the downright weird, that *Fried Walleye and Cherry Pie* invites the reader. The volume brings to the table an illustrious gathering of thirty midwestern writers with something to say about the gustatory pleasures and peculiarities of the region. In a meditation on comfort food, Elizabeth Berg recalls her aunt's meatloaf. Stuart Dybek takes us on a school field trip to a slaughtering house, while Peter Sagal grapples with the ethics of paté. Parsing Cincinnati five-way chili, Robert Olmstead digresses into questions of Aztec culture. Harry Mark Petrakis reflects on owning a South Side Chicago lunchroom, while Bonnie Jo Campbell nurses a sweet tooth through a fudge recipe in the *Joy of Cooking* and Lorna Landvik nibbles her way through the Minnesota State Fair. These are just a sampling of what makes *Fried Walleye and Cherry Pie*—with its generous helpings of laughter, culinary confession, and information—an irresistible literary feast.

"Two," was the final novel completed by Laurence M. Janifer before his death. Summoned from retirement and newly wedded bliss, Knave must solve an impossible (and impossibly complicated) case for the Emperor while balancing his professional life with his new private one.

Explores the emotional and physical labor necessary to work nights as a pizza delivery driver and days as a high school English teacher.

"A 1980s cultural assessment of the fantastical future of online behavior continues the story that began in the internationally best-selling futuristic novel, Ready Player One, that inspired a blockbuster Steven Spielberg film"--

"Barton Seaver's second, seminal book on seafood cookery, after For Cod and Country (Sterling Epicure, 2011), offers more than 150 new mouthwatering recipes, including entrees, salads, appetizers, soups, pastas, stews, sides, and sauces. Try his Smoked Lobster and Fennel-Carrot Salad or Poached Salmon with Pickled Chilies and Mint and you'll understand what all the fuss is about. Each of Seaver's fresh-tasting, casual (and always delicious) recipes features seafood that hasn't been overfished or caught in an environmentally destructive way. This emphasis has made Seaver, already an acclaimed chef and restaurateur, one of the most important voices of the sustainability movement. The book is full of helpful advice on buying, choosing, and making the most of your ingredients, as well as an essential guide to seafood prep and cooking techniques--a must for all seafood lovers,"--Amazon.com.

"Originally published in Romanian as De doua mii de ani in 1934. Original English-language edition first published by Penguin Books Ltd, London" [2016] -- Verso title page.

In this essential Star Wars Legends novel, the second in the Darth Bane trilogy, the fearsome Sith lord takes on a deadly new apprentice. Darth Bane's twisted genius made him a natural leader among the Sith--until his radical embrace of an all-but-forgotten wisdom drove him to destroy his own order . . . and create it anew from the ashes. As the last surviving Sith, Darth Bane promulgated a harsh new directive: the Rule of Two. Two there should be; no more, no less. One to embody the power, the other to crave it. Now Darth Bane is ready to put his policy into action and thinks he has found the key element that will make his triumph complete: a student to train in the ways of the dark side. Though she is young, Zannah possesses an instinctive link to the dark side that rivals his own. With his guidance, she will become essential in his quest to destroy the Jedi and dominate the galaxy.
