Parrillo, Understanding Race and Ethnic Relations | Pearson

The sociology of race and ethnic relations is the study of social, political, and economic relations between races and ethnicities at all levels of society. This area encompasses the study of systemic racism, like residential segregation and other complex social processes between different racial and ethnic groups. The sociological analysis of race and ethnicity frequently interacts with postcolonial theory and other areas of sociology such as stratification and social psychology. At the

Parrillo, Understanding Race and Ethnic Relations: Pearson ...

Race is usually seen as biological, referring to the physical characteristics of a person, while ethnicity is viewed as a social science construct that describes a person's cultural identity. Ethnicity can be displayed or hidden, depending on individual preferences, while racial identities are always on display, to a greater or lesser degree.

Understanding the Difference Between Race and Ethnicity

Functionalist views of race study the role dominant and subordinate groups play to create a stable social structure. Conflict theorists examine power disparities and struggles between various racial and ethnic groups. Interactionists see race and ethnicity as important sources of individual identity and social symbolism.

For undergraduate and graduate introductory level courses in race and ethnic relations. Introducing the core theories, concepts, and issues concerning race and ethnic relations in the United States. Based on the top-selling title by the same author, *Strangers to These Shores*, this book provides a framework for understanding the interpersonal dynamics and the larger context of changing intergroup relations. Following a presentation of introductory concepts in the first chapter—particularly that of the stranger as a social phenomenon and the concept of the Dillingham Flaw—the first group of chapters examines differences in culture, reality perceptions, social class, and power as reasons for intergroup conflict. These chapters also look at the dominant group's varying expectations about how minorities should fit into its society. Chapters 2 and 3 include coverage of some middle-range conflict and interactionist theories. Chapters 4 and 5 explore the dimensions and interrelationships of prejudice and discrimination, and Chapter 6 covers the dominant-minority response patterns so common across different groups and time periods. This chapter presents middle-range conflict theories about economic exploitation too. Chapter 7 employs holistic sociological concepts in discussing ethnic consciousness; ethnicity as a social process; current racial and ethnic issues, fears, and reactions; and the various indicators of U.S. diversity in the 21st century.

This book brings together internationally known scholars from a range of disciplines and theoretical traditions. In setting out the various theories it demonstrates the range and diversity of approaches to race and ethnic relations current in the field. As well as identifying important and persistent points of controversy, however, the collection also reveals much complementarity and indicates the potential for a multi-faceted approach to theorization. The theories represented include contributions from the perspective of sociology, social anthropology, sociobiology, and social psychology.

This book provides a framework for understanding the interpersonal dynamics and the larger context of changing intergroup relations.

The study of racial and ethnic relations has become one of the most written about aspects in sociology and sociological research. In both North America and Europe, many "traditional" cultures are feeling threatened by immigrants from Latin America, Africa and Asia. This handbook is a true international collaboration looking at racial and ethnic relations from an academic perspective. It starts from the principle that sociology is at the hub of the human sciences concerned with racial and ethnic relations.

Reflecting the latest data and theoretical literature available, *RACE AND ETHNIC RELATIONS: AMERICAN AND GLOBAL PERSPECTIVES*, 10e tackles diversity issues from both the American and global perspective, offering an in-depth exploration of today's globally diverse world. The text's expansive coverage of race and ethnic relations across the globe highlights major points of difference and similarity between the United States and a number of other societies, as well as includes a unique case study comparing four different countries. This unique comparative approach is vital with the increasing ethnic diversity in most contemporary societies as well as the prominence of ethnic conflicts in virtually all world regions. Current statistics, figures, maps, and citations provide up-to-the-minute insight. The Tenth Edition also includes an all-new chapter devoted to Arab Americans. In addition, end-of-chapter critical-thinking questions encourage readers to think in a sociological mode and examine current issues using concepts presented in the text. Since the 1993 publication of the third edition of the "Dictionary of Race and Ethnic Relations," events have continued to change the way in which race and ethnicity are viewed. The trial of O. J. Simpson; the publication of "The Bell Curve;" and the continuing attacks on Affirmative Action have all affected the ways in which race and the surrounding issues of racism and identity have been reported in the media and studied in the classroom. The "Dictionary of Race and Ethnic Relations" covers a range of national and international topics which have been written by a distinguished group of experts on race and ethnicity. The reader will find new articles covering recent events, historical and theoretical perspectives and important figures. Over half of the book has been revised or rewritten and all of the articles include fully-updated lists of further reading.
