pitched to guide the reader through the complexities of the European IP system.

'This clearly-written and comprehensive text, by two leading scholars of European intellectual property law, is extremely adaptable. It is a perfect platform for classroom teaching, and is also a fine resource for those researching in what is becoming an increasingly complex field.' – Graeme B. Dinwoodie, University of Oxford, UK 'This hybrid volume, part commentary, part primary sources, with questions to stimulate further thinking, serves both as a teaching tool and as a manual for lawyers who seek a comprehensive overview of EU intellectual property law. The book aims at a generalist legal audience, with very a helpful précis of international law,

including the major multilateral treaties, as well as a summary of the EU legal framework that non-Europeans will find highly useful. The authors explore the full range of traditional and emerging IP rights. They also provide in-depth analysis of remedies and of the international private law issues that increasingly arise in contemporary complex IP litigation.' – Jane Ginsburg, Columbia Law School, US

The first of its kind, this textbook has been carefully designed to give students and non-specialist practitioners a clear understanding of the fundamentals of European intellectual property law. Providing a comprehensive overview of both community IP rights, and areas of IP law that have been harmonised, and supported by judicious use of extracts from the most significant source material, the book assists the reader in navigating through the increasingly complex
