Company Accounting 7th edition continues to be the authoritative textbook on corporate financial reporting. The new edition has been thoroughly updated to reflect the numerous and ongoing reforms as a result of Australia's adoption of IFRSs. The text succinctly documents recent adjustments by the IASB/AASB in respect to the presentation of financial statements, accounting for intangible assets, accounting for income tax and the new reporting recommendations for business combinations under Phase II. The text provides students with a comprehensive and practical grounding in the practice and principles of company accounting, essential information on why and how company accounting entries and disclosures are made, and the process of business combination for a corporate group. New to this Edition New chapters on Corporate Governance, Leases and Equity Accounting. Chapter 8 Business Combinations – outlines proposed changes to ASSB3 as a result of the Exposure Draft of Proposed Amendments to IFRS3. Revised to accord with changes in AASB as a consequence of continuing reforms with IFRS. More 'Learning Check' summaries in all chapters reiterate and summarise important concepts. New 'Student Activity Section' in each chapter contains a summary, demonstration problems, discussion questions, case studies, graded exercises and problems. Reorganised end-of-chapter sections contains more diverse activity scenarios for students in an attempt to develop a broader skill base. Features 'Learning Checks' support chapter learning objectives and summarise key knowledge for students. They appear throughout each chapter and are ideal for self-study purposes. Thorough illustrative examples and demonstration problems with various examples supported with step-by-step narrations.

The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. This Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. It offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry.

Accounting 9th edition continues the strong reputation established by this leading Australian text as the most comprehensive book for students studying introductory accounting in undergraduate or postgraduate programs. The full-colour design and improved pedagogy provides students with a reader-friendly text to enhance their understanding of concepts and make their study more enjoyable. The text builds on the thorough and reliable explanation of the accounting process through the Business Knowledge chapter vignettes that apply the principles to practice. Previous editions were renowned for the number of exercises and problems, and the new edition builds on this superior teaching feature. The end-of-chapter activities are designed to encourage student confidence through the development of skills in decision making, critical thinking, ethical thinking, analysis and communication.
