Mysterious Abduction by Rita Herron | Audiobook | Audible.com
The Trail of Tears was a series of forced relocations of approximately 46,000 Native Americans between 1830 and 1850 by the United States government. Members of the Cherokee, Muscogee (Creek), Seminole, Chickasaw, and Choctaw nations (including thousands of their black slaves) were forcibly removed from their ancestral homelands in the Southeastern United States to areas to the west of the ...

One man wants to kill her...the other will die to protect her... Just when the residents of Slaughter Creek think they're safe, a sadistic serial killer strikes. Someone they're calling "The Dissector." Someone who keeps his victims' body parts as gruesome trophies... Special Agent Liz Lucas has been on leave, recovering from the trauma of her last case. But returning to find the Dissector will demand extra caution--especially with her former lover Special Agent Rafe Hood leading the investigation. The last time the two worked together, passions ran high and Liz nearly lost her life. Now, even though their attraction is more magnetic than ever, Liz and Rafe must resist getting involved again and focus on stopping this crazed killer. But as the body count rises and the Dissector's kills become more personal, Rafe soon realizes that Liz may be his next victim...

On the run from a treacherous enemy, a knight and a noblewoman find a passionate destiny in the Scottish highlands. A villainous rogue abducts Contessa Tess from her uncle's castle in the Scottish highlands, and when he reveals her uncle's terrifying plans, she follows him into a whirlwind of adventure and realizes that there is a hero beneath his criminal facade.

A New York Times Bestseller & Oprah's Book Club Pick Young Julie Harmon works "hard as a man," they say, so hard that at times she's not sure she can stop. People depend on her to slaughter the hogs and nurse the dying. People are weak, and there is so much to do. At just seventeen she marries and moves down into the valley of Gap Creek, where perhaps life will be better. But Julie and Hank's new life in the valley, in the last years of the nineteenth century, is more complicated than the couple ever imagined. Sometimes it's hard to tell what to fear most--the fires and floods or the flesh-and-blood grifters, drunks, and busybodies who insinuate themselves into their new life. To survive, they must find out whether love can keep chaos and madness at bay. Their struggles with nature, with work, with the changing century, and with the disappointments and triumphs of their union make Gap Creek a timeless story of a marriage.

A psychological horror with a literary twist, Kill Creek delivers elevated prose, while evoking the unnerving, atmospheric terror essential to greats like Peter Straub and Stephen King--a haunting that lingers long after turning the last page.

Fear becomes a woman's greatest weapon in a heart-pounding novel of suspense from the USA Today bestselling author of Pretty Little Killers. Tinsley Jensen survived the torturous clutches of an elusive masked killer dubbed the Skull, only to be held hostage by her nightmares. She's terrified of leaving her cottage on Seahawk Island, knowing that the madman is still out there. FBI special agent Wyatt Camden knows it too. He may have rescued Tinsley, but her captor got away. Now he's driven by guilt, the need for vengeance, and the desire to protect--at any cost--the woman he's come to love. Too paranoid to deal with the police, the media, and her sister, Tinsley finds solace in an online support group. She's too broken to let even Wyatt into her life. But when the threats against Tinsley escalate and her friend disappears, Tinsley is forced out of her self-imposed seclusion to finally face her fears. Wyatt is the only man she can trust to help her, and to save a killer's latest catch. Now, Wyatt just wants to finish the job he started. But that's all the Skull wants too.

This provocative work challenges traditional accounts of Meriwether Lewis and William Clark's expedition across the continent and back again. Uncovering deeper meanings in the explorers' journals and lives, Exploring Lewis and Clark exposes their self-perceptions and deceptions, and how they interacted with those who traveled with them, the people they discovered along the way, the animals they hunted, and the land they walked across. The book discovers new heroes and brings old ones into historical focus. Thomas P. Slaughter interrogates the explorers' dreams, how they wrote and what they aimed to possess, their interactions with animals, Indians, and each other, their sense of themselves as leaders and men, and why they feared that they had failed their nation and President. Slaughter's Lewis and Clark are more confused, frightened, courageous, and flawed than in previous accounts. They are more human, their expedition more dramatic, and thus their story is more revealing about our own relationships to history and myth.

NEW YORK TIMES BESTSELLER - NATIONAL BOOK AWARD FINALIST From the #1 New York Times best-selling author of The Lost City of Z, a twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhardt, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. A New York Times Notable Book Named a Best Book of the Year by Amazon, Wall Street Journal, The Boston Globe, San Francisco Chronicle, GO, Time, Newsday, Entertainment Weekly, Time Magazine, NPR, Vogue, Smithsonian, Cosmopolitan, Seattle Times, Bloomberg, Lit Hub, and Slate

"Broken is finding the light and the healing you crave, and knowing you can never have it." After the attack on his sister and his newfound abilities forming, Henry Williams is struggling to keep it all together. His wolf does not allow him to sleep, and he is beginning to hear voices, torturing him mercilessly. Henry feels as though there is a war brewing inside of him and he is unable to control it. As a protector, he must find a way to fight his inner demons before he is left vulnerable to the real ones. But an unexpected love finds Henry and he tries hard to resist it. Will Henry be able to overcome his inner demons? Will he be able to protect his mate? *** This is book number 2 in this series. Please note that it is suggested to read the series in sequential order. *** *Warning* This novel is intended for mature YA readers. 15 + for language and mild violence.

A searing novel of social realism, Upton Sinclair's The Jungle follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

The "riveting" #1 New York Times bestseller: A true story of three wealthy families and the unbreakable ties of blood (Kirkus Reviews). The first bodies found were those of a feisty millionaire widow and her daughter in their posh Louisville, Kentucky, home. Months later, another wealthy widow and her prominent son and daughter-in-law were found savagely slain in Winston-Salem, North Carolina. Mystified police first suspected a professional in the bizarre gangland-style killings that shattered the quiet tranquility of two well-to-do southern communities. But soon a suspicion grew that turned their focus to family. The Sharps. The Newsons. The Lynches. The only link between the three families was a beautiful, aristocratic young mother named Susie Sharp Newson Lynch. Could this former child "princess" and fraternity sweetheart have committed such barbarous crimes? And what about her gun-loving first cousin and lover, Fritz Klenner, son of a nationally renowned doctor? In this tale of three families connected by marriage and murder, of obsessive love and bitter custody battles, Jerry Bledsoe recounts the shocking events that ultimately took nine lives, building to a truly horrifying climax that will leave you stunned. "Recreates . . . one of the most shocking crimes of recent years." -Publishers Weekly "Absorbing suspense." -Chicago Tribune "Astonishing. . . . Brilliantly chronicled." -Detroit Free Press "An engrossing southern gothic sure to delight fans of the true-crime genre. Bledsoe maintains the suspense with a sure hand." -The Charlotte Observer
