New York Times Bestseller AT STAKE: THE FUTURE OF AMERICA The 2016 election
is truly America's Armageddon—the ultimate and decisive battle to save America,
a fight to defeat Hillary Clinton and the forces seeking to flout our constitutional
government and replace it with an all-powerful president backed up by an activist

judiciary that answers to no one. Already President Obama has moved America far down this path, and a President Clinton will act as his "third term," institutionalizing the excesses of the past eight years. In *Armageddon*, bestselling author and political strategist Dick Morris provides a winning game plan to take back the White House, and America. Because this is our last chance:

- Our last chance to stop socialist uniformity, corruption and executive usurpation
- Our last chance to curb welfare programs that are destroying the economic and social fabric of the nation
- Our last chance to secure our border and keep our sovereignty
- Our last chance to stand up against ISIS and terrorism
- Our last chance to protect the Second Amendment

We can do it. We must. It's our last chance. Read *Armageddon*, or risk losing the battle to save America! On Tuesday, November 8, 2016, American voters will make a momentous decision. They will decide whether or not this great country will remain a free market, constitutional democracy. The stakes could not be higher. If Hillary Clinton is elected president, it will mean the end of the America we know and love. *Armageddon*, by New York Times bestselling authors Dick Morris and Eileen McGann, is a call to arms, a call to join that ultimate battle. Few know Hillary Clinton better than Dick Morris. For almost two decades he served as a special adviser to both her and her husband, Bill Clinton. He knows their strengths, their vulnerabilities, and even their deepest secrets. In *Armageddon*, Morris offers a manual on how to win this battle and defeat Hillary once and for all. He argues that a typical Republican campaign won't work—and that Hillary's opponent must strike her in a very unorthodox and powerful way. Morris says it's a

winning strategy and voters play a critical role. A noted political strategist, Dick Morris has created winning strategies for numerous presidential campaigns in the U.S. and abroad. In this book he lays out a war plan, one the Republican nominee must use to prevent her victory:

- Throw a surprising right jab: terrorism and healthcare
- Throw the left hook: jobs, immigration, Wall Street
- Play her game on class warfare: women, Latinos, and young voters

Republicans need to stop playing by the old rules of the game. Those rules don't work—they elected Barack Obama twice. Obama has changed America in fundamental ways and Morris posits that Hillary's opponents need to grasp this and implement a strategy that can finally defeat her.

Engine-tuning expert A. Graham Bell steers you through the various modifications that can be made to coax maximum useable power output and mechanical reliability from your two-stroke. Fully revised with the latest information on all areas of engine operation, from air and fuel, through carburation, ignition, cylinders, porting, reed and rotary valves, and exhaust systems to cooling and lubrication, dyno tuning and gearing.

When the Mazda MX-5 was launched in 1989, sports car enthusiasts gave thanks. Safety regulations had virtually killed off the traditional roadster in the early 1970s, and if you wanted the wind in your hair the choice seemed limited to a four-seater convertible that looked like a baby's buggy. Hopes were pinned on the launch of a

new MG - but the MX-5 got there first. The car is a star. Here is the full story, from genesis and model evolution to ownership, with all the possibilities that offers.

Protect Your Most Valuable Asset-Your IP Your company's intellectual property is its most important asset. If it's not properly protected, your ideas could be stolen, your products could be copied and you could lose your business. Safeguard your IP with this legal advice from the country's most well-respected IP law firm. Experts in patents, trademarks, copyrights and other protection methods reveal their professional strategies for protecting ideas and avoiding devastating lawsuits. Plus, the enclosed CD gets you started preparing your filings for the U.S. Patent and Trademark Office. Learn how to: Choose the best protection strategy for your business-patents, trademarks or copyrights-and prepare filings for each one Identify your IP and look for prior art Avoid unintentionally infringing on the IP rights of other companies and prevent costly litigation Steer clear of the most common IP traps Use nondisclosure agreements, employee agreements and other protective measures Implement patent strategies into your business plan as a revenue source or to gain a foothold in the market Ensure that your ideas are protected and promote your business' success with these valuable IP strategies.
